Theme

## Liver Nutrition & Liver Fibrosis – Up to date 2016 –

Date & Time Saturday February, 13th, 2016, 11:00 – 19:00

Venue Convention Hall West 3F, ANA Crowne Plaza Ube 8-1 Aioi-cho Ube City, Yamaguchi Prefecture, Japan 755-8588  
Tel : +81-836-32-1112

Opening Remarks Dr. Isao Sakaida (11:00-)

### SESSION 1 Oral Presentation (20 min & discussion 5 min, respectively)

11:05-

Chair **Dr. Shuji Terai**  
Professor, Division of Gastroenterology and Hepatology, Graduate School of Medical and Dental Sciences, Niigata University

#### 1. Decrease of skeletal muscle mass after transcatheter arterial chemoembolization predicts a poor prognosis in hepatocellular carcinoma

Speaker **Dr. Hirokazu Kawai**  
Division of Gastroenterology and Hepatology, Graduate school of Medical and Dental Science, Niigata University

#### 2. Dipeptidyl Peptidase 4 inhibitor Suppressed Tumor Progression with Down-regulation of Nrf Nuclear Expression in a Mouse Model of Non-alcoholic Steatohepatitis-related Hepatocellular Carcinoma

Speaker **Dr. Takumi Kawaguchi**  
Division of Gastroenterology, Department of Medicine, Kurume University School of Medicine

#### 3. The relationship between nutritional condition and neuropsychological test results in liver cirrhosis patients

Speaker **Dr. Tomohisa Ishikawa**  
Department of Internal Medicine, The Jikei University School of Medicine

Lunch Time (12:20 - 13:20)

Chair **Dr. Tetsuro Takehara**  
Professor, Department of Gastroenterology and Hepatology, Osaka University, Graduate School of Medicine

#### 4. Effects of bone marrow cells on fibrosis during liver regeneration therapy

Speaker **Dr. Taro Takami**  
Department of Gastroenterology and Hepatology, Yamaguchi University School of Medicine

#### 5. Significance of connective tissue growth factor in hepatic fibrosis and its potential for a novel therapeutic target

Speaker **Dr. Tomoki Makino**  
Department of Gastroenterology and Hepatology, Osaka University, Graduate School of Medicine

#### 6. Suppressive effect of metalloproteinase 13 on the progression of liver fibrosis in a rat model

Speaker **Dr. Takeshi Yokoo**  
Division of Gastroenterology and Hepatology, Graduate school of Medical and Dental Science, Niigata University

Chair **Dr. Satoshi Mochida**  
Professor, Department of Gastroenterology & Hepatology, Saitama Medical University

#### 7. Serum acyl-carnitine to total carnitine ratio is a possible predictive biomarker for diagnosis of minimal hepatic encephalopathy in patients with liver cirrhosis

Speaker **Dr. Kei Sahara**  
First Department of Internal Medicine, School of Medicine, Iwate Medical University

#### 8. Effect of L-carnitine in patients with liver cirrhosis on energy metabolism using indirect calorimetry: A pilot study

Speaker **Dr. Yoshiyuki Sakai**  
Division of Hepatobiliary and Pancreatic Disease, Department of Internal Medicine, Hyogo College of Medicine

#### 9. L-carnitine improves brain function in cirrhotic patients

Speaker **Dr. Hiroyuki Nakanishi**  
Department of Gastroenterology and Hepatology, Musashino Red Cross Hospital

#### 10. L-carnitine prevents metabolic-syndrome related steatohepatitis in mouse model

Speaker **Dr. Kazuyoshi Kon**  
Department of Gastroenterology, Juntendo University School of Medicine

#### 11. The significance of L-carnitine treatment to energy malnutrition in liver cirrhosis

Speaker **Dr. Koichi Shiraishi**  
Professor, Department of Gastroenterology, Tokai University Oiso Hospital

Coffee-break (16:40 - 16:55)

### SESSION 2 Invited Lectures (50 min & discussion 10 min, respectively)

16:55-

Chair **Dr. Isao Sakaida**  
Professor, Department of Gastroenterology and Hepatology, Yamaguchi University Graduate School of Medicine

#### 1. Angiogenesis-targeted fibrosis therapy: friends or foes?

Speaker **Dr. Hitoshi Yoshiji**  
Professor, Third Department of Internal Medicine, Nara Medical University

Chair **Dr. Kiyamu Okita**  
Honorary Director, Shunan Memorial Hospital

#### 2. L-carnitine and its derivatives in the treatment of liver diseases

Speaker **Dr. Mariano Malaguarnera**  
Professor, University of Catania

Closing Remarks Dr. Isao Sakaida (18:55 - 19:00)
